of Transportation

**Federal Aviation  
Administration**

800 Independence Ave., S.W.  
Washington, D.C. 20591

Plan Number: E-WP-00007-U  
[D-WP-131]

OCT 26 1993

Mr. Jack Battalia  
California Precision Hydraulics, Inc  
5311 Derry Avenue, Unit F  
Agora Hills, CA 91301

Dear Mr. Battalia:

This is to inform you that your enclosed antidrug plan has been approved by the Federal Aviation Administration (FAA). Under the terms of this approval, you are authorized to begin testing covered employees immediately.

This approval is contingent on your continuing association with the AMS Consortium as specified in your plan. Should you terminate your consortium membership, you must notify the FAA and submit an alternative plan for meeting the requirements of the antidrug regulations. You are reminded that, even though you have contracted with an FAA-approved consortium to assist you with this program, you are responsible for complying with all aspects of the FAA antidrug regulation.

Federal Aviation Regulations (FAR) Part 121, Appendix I, requires submission of semiannual and annual summary reports to the FAA. Reports are due in this office each year by February 15 for the annual report and by August 15 for the semiannual report. A sample reporting format is enclosed for preparing the reports. Reports may be submitted directly to FAA by you or through your approved consortium, depending on the terms of your membership.

Sincerely,

William R. McAndrew  
Acting Manager, Drug Abatement Division  
Office of Aviation Medicine
